Monica:

The Houston Chronicle contacted our media office on Friday. Joseph Hubbard indicated that he would be sending them a copy of the fact sheet. I am not sure what you want to say but I have stated that you guys along with the City of Houston are our partners in the cleanup at the site.

Thanks

Gary Moore

Subject: Media Inquiry

Hi Susan and Gary,

Just wanted to let you know we received an inquiry from the Houston Chronicle today-they were mainly asking about our role at CES. They may have contacted you already, but I wanted to let you know, just in case. Thanks!
